

MUST R 16, the organizing association, invites you to participate in the biggest RENAULT 16 gathering ever organized for private people.

A FEW REASONS TO CONVINCING YOU:

- ★ This event only happens every 3 years, it represents an opportunity for you today.
- ★ All RENAULT 16 drivers are welcome, even if you don't belong to any club or association.
- ★ You'll meet people who share the same passion as you. With the difference that you might have to speak German, English, or Dutch... You'll realize that this car still makes many enthusiasts.
- ★ You'll bring your own contribution to today's prestige of the car. Your participation is an essential link to optimize the success of this unique day.
- ★ You'll be able to exchange tricks and ways to maintain your car longer.
- ★ If you've been looking for some "unfindable" part, one of the members of the several European RENAULT 16 clubs that will be present, will probably be able to inform you. This event also serves that purpose.
- ★ What's more a commodity market specifically dedicated to RENAULT 16 parts will take place during the next event. (A first time that's never happened.)

PROGRAMME:

The programme is not established for good yet, but we can already give you the following information:

- ★ The event will last for 1 day ½, from Saturday morning 15/05/2010, to Sunday noon 16/05/2010. It has been organized during the week-end of the week including the Thursday of the Ascension on purpose. This day being a bank holiday in many European countries, it will allow you a better organization if you come from far.
- ★ Travelling expenses (petrol and toll) are unavoidable. That's why we'll do our most to obtain the lowest possible participation fee, maintaining the quality of service.
The previous gatherings of 2001, 2004 and 2007 has thought us that the lower the price, the more participants there where. MUST R 16 will make it a priority.

INSTRUCTIONS:

1. Fill in the pre registration form of your vehicle, even if you have already participated in one of the previous events. One car on one registration.
2. Complete an ordinary envelope with your name-first, name and address.
3. For countries other than France, join please a one Euro coin, sellotaped on a piece of cardboard, in the envelope, for mailing expenses.
4. Put everything in a bigger envelope and send it **today** to the address mentioned at the bottom of this page.
(Final day for pre registration: 1st of January 2010.)

After that date, you'll get all the necessary Information to be able to get organized: Date (15/05/2010), place (ALSACE, in the North-East of France), access map, programme, accommodation, prices, etc...

N.B.: If you know more RENAULT 16 owners that we are unable to reach, please give them a photocopy of this document.

IMPORTANT:

Except for the 1 € mailing expenses, don't send any money now. This is only a pre registration whose main purpose is to make inventory of all the RENAULT 16 that are still running. So whatever your final decision is (to come or not in 2010), we'll be grateful to get your pre registration form which is not a commitment from your part.
Beware: No pre registration via the Internet, only by mail.

If you've participated in the 2004 and 2007 events, you've probably already convinced to send your pre registration. If you've sceptical (and we understand), you must know that according to a large number of the 2004/2007 participants, there has never been such an imposing event. Visit the chapter "Photos 2004/2007" on the site and you'll understand. <http://www.auto-collection.org/site/r16/>

I'm looking forward to counting you with us for this gigantic plan.

Best wishes, regards.

Benoît DIRINGER, president.

Moi, j'y serai !
Ich mache mit !
I will take part in it !
Ik, j' er zal zijn
Lo, j' vi sarò !
